

STANDGARD® BASE

PORTABLE STANDING STATION

STAND LONGER. STAND SAFER. STANDGARD®

Insulates stationary workers from excessive temperatures and fatigue. Serves as a home base that improves worker efficiency, visibility, and safety.

APPLICATIONS:

- » Work Zone Flaggers
- » Parking Lot Attendants
- » Parking Valets
- » Venue/Event Parking Attendants
- » School Crossing Guards
- » Tailgaters at special events

PROTECT WORKERS FROM EXCESSIVE TEMPERATURES:

For those who work outdoors, extreme temperatures can pose a hazard. Outdoor workers, especially those who remain in a stationary position for hours, can lose significant body heat in cold weather, and overheat in hot weather.

StandGard® Base Temporary Portable Standing Assistant reduces the transference of heat between workers and street, sidewalk, or parking lot surfaces. With an R-Value that exceeds six, StandGard reduces the transference of heat by up to 84%, when compared to shoes alone.

With StandGard Base, feet remain cooler in hot weather, warmer in cold, up to six times longer.

STANDGARD® BASE

PORTABLE STANDING STATION

StandGard helps reduce the transfer of heat by 84%. StandGard has an R-Value of 6.

Integrated Relief Handle makes carrying by hand easier.

Orange Color improves daytime visibility.

Replaceable, weatherable Anti-Fatigue Mat reduces wear on feet, knees and backs of workers, extends life of foam base.

Flush design between mat and base resists water build-up on mat.

Reflective tape increases visibility in low light conditions.

Rigid material stores vertically to take up less space in the vehicle.

WEIGHT & DIMENSIONS:

Overall Dimensions: 21" W x 28" L x 1.75" Thick
Standing Area Dimensions: 16.75" W x 24.5" L
Weight: 4.5 lbs

Rectangular Shape provides nearly three square feet of functional standing area.

Lightweight, wear-resistant foam base with Polyurea coating for maximum durability.

**STAND LONGER.

STANDGARD®**

PROVIDES A HOME BASE FOR WORKERS:

StandGard® Base Temporary Portable Standing Assistant provides a tangible home base for workers who stand adjacent to traffic, including flaggers and parking lot attendants. When workers are in a predictable, consistent location, it is easier for drivers to see them quickly.

StandGard can also reduce or deter a natural tendency among workers to "drift" away from their stationary positions and close to the work zone site. With StandGard, workers have a designated standing location with an appropriate, predetermined buffer space between a worker and the work zone.

StandGard Base creates a recognizable location at which a worker should remain. As drivers can more readily see them, workers are safer adjacent to live traffic.

PRODUCT WARRANTY:

Our warranty is for one-year, full-replacement warranty against any manufacturing defects.
